

# OUTBACK RENEWAL LTD

## INTRODUCING THE FAMILY BUSINESS

### MICHAEL AND MICHELLE

Michael has grown up in Candle Lake since the age of 9 when his family moved here. Owned and operated Outback Renewal for over 27 years.

Michelle married the local boy and started their family, many people have watched the 3 kids grow up over the years.

### KOLTON, BROOKLYN

Michelle can be found at her shop most mornings from 12 to noon (haha)

Kolton is the oldest and has become a very talented equipment operator as he has learned from one of the best in the business... his dad.

Brooklyn is our middle daughter

### JAYDEN LOZEJ

And she is currently attending the U of S in the commerce program so she has 3 more long years ahead of her.

Jayden is currently in grade 11 at Meath Park School and will be graduating in 2023. He will be starting on the skidsteer this summer and working for Outback.

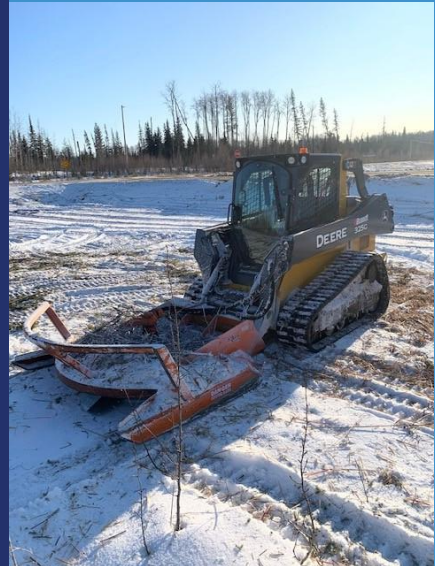

### HISTORY

Outback Renewal Ltd. is owned and operated locally in Candle Lake by Michael, Michelle and Kolton Lozej. We have been family run company for over 27 years, over this time we have helped many families get the start on their new or second home by making it into their perfect vacation spot.

# HISTORY CONTINUED

Over the years Michael has been the first person that lot owners come to as we have over 20 years of lot prep, culvert, septic tank installation, and the gravel needed to make the solid foundation for your new home. Our experience and qualified employees know how to make your property ready for the construction of your new cabin so your memories can start.

## CREATING A POSITIVE CUSTOMER EXPERIENCE

Outback Renewal Ltd. is committed to creating a positive customer experience which makes preparing for your commercial or residential project that much easier. We have years of experience working on construction sites and we offer custom hauling for any type of preparation site. To learn more details and get started with an appointment, give us a call today!

Our employees follow the safest protocols and are all trained on our equipment. Our safety record stands for itself as we are COR certified each year by the Heavy Construction Association of Saskatchewan Inc.

A copy of our safety plan is always available to all contractors or supervisors.

Our employees are available for comprehensive residential site preparation for your current project or whether you need us for snow removal or some topsoil for your new landscaping project. We are equipped to handle jobs of all types. We offer our services from start to finish. Beginning with the trackhoe excavation of all the trees and removal in the numerous tandems to ensure a completely clear space, free from excess earth and unnecessary trees. Or if you just need 10 yards of sand for your kid's sandbox.

We are located in Candle Lake but we have completed numerous sites in the northern lake areas (White Swan, Little Bear, Christopher Lake, Emma Lake and East Trout) by providing our services to the surrounding areas, we can help you keep your residential or commercial site free from obstructions or other unwanted materials that might slow down the building process
