3.1 Development Officer

Unless otherwise designated by Council, the Resort Village Administrator shall be the Development Officer responsible for the administration of this Bylaw.

3.2 Application of Regulations

1. No person shall erect, construct, locate, alter, reconstruct, or maintain any building or structure, or locate or carry on any industry, business, trade, or calling, or use any land or building, within any zoning district, except as permitted by this bylaw, and subject to all the regulations contained in this bylaw.
2. Nothing in this bylaw shall be interpreted so as to interfere with the use of land for construction, maintenance, and operation of any public utility, government operations, fire department, or municipal, provincial or federal police service; however, the development officer shall require that administrative buildings, and buildings accessory thereto constructed by the agencies noted in this section are generally compatible with properties in the vicinity in terms of height, setbacks, landscaping, and parking.
3. Metric units are to be used for all measurements of distance, height, and area referred to in the Zoning Bylaw. Any non-metric units of measure included in the bylaw, are for information purposes only.
4. Nothing in this Bylaw shall exempt any person from complying with the requirements of a building bylaw or any other bylaw or regulation in force within the Resort Village or from obtaining license, permission, permit, authority, or approval required by this or any other bylaw of the Resort Village. Where requirements in this Bylaw conflict with those of any other municipal requirements, the more stringent requirements shall prevail.
5. Nothing in this Bylaw shall exempt any person from complying with the requirements of any Act, regulation, or regulatory process of Government of Saskatchewan or the Government of Canada.

3.3 Development Permit

1. Except where a particular development is specifically exempted by section 3.4 of this Bylaw, no person shall undertake a development or commence a use without a development permit first being obtained.
2. An application for a Development Permit shall be submitted in a form as may be prescribed by the Development Officer and shall contain the information as required by Section 3.5.

3. A development permit shall not be issued in contravention of any provisions of this bylaw.
4. Where an application for a development permit is made for a permitted use, the Development Officer shall issue a permit where the development is in conformity with this bylaw.
5. Where an application for a development permit is made for a discretionary use, the Development Officer shall present the application to the Council as soon as practicable.
6. Every decision shall be in writing and a copy shall be sent to the applicant.
7. A development permit is valid for a period of twelve months from the date of issue. If the permitted development or use is not substantially completed within the specified twelve months, a new development permit or extension of the existing permit shall be required.
8. The development permit may include a requirement that the development be substantially completed within a specified timeframe.
9. Where an application for a permitted use has been refused, the applicant may appeal to the Development Appeals Board in accordance with the provisions of the Act, and shall be advised of this right.
10. Where an application for a discretionary use, made in accordance with Section 3.6, has been approved by Council with prescribed development standards pursuant to this Bylaw and/or conditions required by Council and the applicant is of the opinion that the special regulations or conditions prescribed exceed those necessary to secure the objectives of the Bylaw, the applicant may appeal the development standards prescribed or conditions required with the approval of the discretionary use to the Development Appeals Board.
11. Nothing in this section authorizes a person to appeal a decision of the council:
 - (a) refusing to rezone land; or
 - (b) rejecting an application for approval of a discretionary use.
12. Where, in the opinion of the Development Officer, a development is being carried out in contravention of any condition of:
 - (a) a development permit;
 - (b) any provision of this bylaw; or

(c) is subject to an agreement that has been cancelled by Council pursuant to the Act,
the Development Officer shall suspend the development permit and notify the permit holder in writing that the permit is no longer in force.

13. Where the Development Officer is satisfied that a development, the permit for which has been suspended, will be carried out in conformity with the conditions of the permit and the requirements of this bylaw, the Development Officer may reinstate the development permit and notify the permit holder in writing that the permit is valid and in force.

3.4 Development Not Requiring Permit

1. A development permit is not required for the following; however, these developments must conform to the Zoning Bylaw:
 - (a) maintenance, construction or installation of any public work;
 - (b) fences and gates under 1.8 meters (6 feet) in height; -
 - (c) single story accessory buildings or structures less than 9.5 m² (100 sq. ft.) in area and intended for storage purposes only;
 - (d) maintenance or repair of any building or structure which does not involve structural alterations;
 - (e) the development of a temporary building, the sole purpose of which is incidental to the erection, alteration, or marketing of a building or use for which a development permit has been issued and is still valid;
 - (f) the erection of satellite dish antennae where their installation does not involve structural alterations to a building;
 - (g) the grading or preparation of land in accordance with an approved plan of proposed subdivision, and where it has been required, a servicing agreement has been signed; and
 - (h) signs in residential districts that conform to section 5.11 of this Zoning Bylaw.
 - (i) Cutting or removal of trees by the Resort Village for the construction or maintenance of Public Works.

3.5 Plans and Information Requested for a Development Permit Application

1. Every application for a development permit shall include the following information:
 - (a) The names, addresses and telephone numbers of the applicant, property owner, and the person, consultant, or contractor who prepared the plans being submitted;
 - (b) The complete legal description and civic address of the subject property;
 - (c) The proposed use of the site or building to be constructed, or the proposed use of the existing building floor area to be altered or occupied, including the area of the proposed building or renovations;

- (d) Two copies of a site plan, drawn to scale with appropriate dimensions, showing the following information:
 - i) key plan showing north arrow, streets and lanes adjacent to the site, the nearby lot patterns, all property boundaries, identified frontage of site, site area, site elevations, and the location of any existing buildings, structures, utility poles and wires, underground utilities, easements, building encroachments, public reserve, environmental reserve, ice push ridges, water bodies, water courses, and the type and location of existing trees;
 - ii) the location and size of proposed buildings or structures, including all front, side, and rear yard setback dimensions, and the location of all doorways, walkways, and pedestrian circulation areas;
- (e) Two copies of scaled plans showing the dimensioned floor plans and elevations, including both interior and exterior wall and floor dimensions, and room areas and dimensions;
- (f) Except for one and two unit dwellings:
 - i) two copies of a scaled landscaping plan showing all physical features, including existing and proposed grades, the size and type of existing vegetation, the existing vegetation to be removed and retained, the size, type, and location of plant material to be planted, the location of hard landscaping such as fences, retaining walls, walkways and curbs, and the details of any proposed irrigation system, including the location of outside spigots;
 - ii) the location and size of all parking spaces, aisles, vehicle circulation areas, loading spaces, entrances and exits to the site, and garbage receptacles;
- (g) If requested by the Development Officer or, in the case of a discretionary use application, by Council other studies prepared by qualified professionals including, but not limited to:
 - i) an Environmental Site Assessment in general conformance with CSA Standard 768-94;
 - ii) ecological study;
 - iii) traffic study; or.
 - iv) Grading plan showing site drainage of storm water.
- (h) Where a property is located adjacent to a provincial highway, evidence of site plan approval by the Ministry of Highways is required.
- (i) The Development Officer may require as a condition of an approved development permit, that the proponent furnish a Real Property Report (RPR) prepared by a Saskatchewan Land Surveyor, to confirm the location of completed foundation work for the proposed development in accordance with the requirements of the Zoning Bylaw, prior to the issuance of a building permit. This provision may not apply to the issuance of a development permit approval for a proposed development in an RE Resort Expansion District.
- (j) An RPR may be required at the discretion of the development officer as part of the development permit application to provide the following information:
 - i) Contour lines at 1 meter intervals for site on which the slope of the proposed building site is greater than 10% and for sites adjoining a water body. The requirement for site contour information shall not apply for development of a site that does not involve changes to site grades.
 - ii) For sites adjoining a water body, the RPR shall show the bank of the water

3.6 Application for Discretionary Uses

1. Application Process

- (a) An applicant must file a discretionary use application in a form as may be prescribed by the Development Officer complete with the information as referenced in Section 3.5.
- (b) If requested the applicant shall provide any other information that the Development Officer may determine is necessary for Council to fully review the proposed development.
- (c) The Development Officer shall provide Public Notice in accordance with Section 55 of the *Act*, to all assessed owners within 75 metres of the boundary of the subject property at least 21 days prior to the application being considered by Council.
- (d) On receipt of an application Council may require additional public notice of the application to be advertised, at least seven days before the application is to be again considered by Council using one or more of the following methods:
 - i. posting a Notice in the Resort Village of Candle Lake office;
 - ii. posting a Notice on the subject property; and
 - iii. advertisement in a newspaper having regular circulation in the community.
- (e) Upon approval of a discretionary use the Development Officer shall issue a development permit subject to any special regulations or development standards as may be prescribed by Council in accordance with this bylaw.

2. Council Consideration and Evaluation

- (a) When considering an application for discretionary use Council shall apply:
 - i. the General Regulations contained in Section 5;
 - ii. the appropriate regulations pertaining to the proposed development as may be contained in Section 5;
 - iii. the Development Standards as contained within the specific Zoning District of the proposed development; and
 - iv. the general criteria for discretionary uses as contained in Section 5.28.
- (b) Prior to making a decision, Council may request additional information from the applicant which may consist of the following:
 - i. referral to any government agencies or interested parties that Council

- may consider appropriate;
 - ii. review and recommendations by relevant professionals.
- (c) Following its consideration, Council may
 - i. approve the application;
 - ii. approve the application with or without conditions, including a condition limiting the length of time the use may be conducted on the site; or
 - iii. deny the application.

3.7 Referral to Ministry of Health

1. The Development Officer shall forward a copy of all approved development permit applications involving installation of water and sanitary services to the local office of the Saskatchewan Ministry of Health.

3.8 Development Appeals Board

1. A Development Appeals Board for the Resort Village of Candle Lake is hereby established in accordance with Sections 213 to 227 of *the Act*.
2. The Development Appeals Board shall be appointed by Council and shall consist of three members.
3. Council may enter into an agreement to appoint a District Development Appeals Board in conjunction with one or more other municipalities to be the Development Appeals Board for the Municipality. Members shall be appointed in accordance with that agreement, and the local Development Appeals Board shall cease to exist.
4. No member of Council or Resort Village employee is eligible for membership on the Development Appeals Board.

3.9 Minor Variances

1. The Development Officer may approve a minor variance in accordance with the procedures of Section 60 of *The Act*.
2. The application shall be in writing in a form prescribed by the Development Officer and state the reasons for the variance.
3. A minor variance shall not exceed 10% of the respective regulation.
4. The Development Officer shall maintain a registry of the location and all relevant details of the granting of such variances.

3.10 Rezoning and Amendment of Zoning Bylaw

1. Any person seeking to amend this Zoning Bylaw may submit an application for such amendment and, upon payment of the required fee, the Development Officer shall refer such application to Council for consideration.
2. Council shall submit the application for review and advice to the North Central Lakelands District Planning Commission.
3. Council may, by resolution, authorize an amendment to the Zoning Bylaw, and that amendment shall be adopted, by bylaw.
4. Sections 207 - 212 of The Act, shall govern the process to be followed with respect to public notice and public participation in the adoption of a bylaw to amend this Zoning Bylaw.

3.11 Application Fees

1. Every application made in accordance with this bylaw shall be accompanied by payment of a fee in accordance with a fee schedule as established by bylaw of Council.
2. In addition to the established fee, the applicant shall be responsible for all expenses related to required public hearing notifications and advertising, unless otherwise agreed upon in writing by the applicant and the Resort Village.

3.12 Enforcement, Offences and Penalties

1. The Development Officer **is** hereby authorized to enforce this bylaw in accordance with the provisions of Section 242 of *The Act*.
2. Any person who violates this Bylaw is guilty of an offence and liable on summary conviction to the penalties set forth in section 243 of *The Act*.

3.13 Non-Conforming Buildings and Uses

1. The provisions of *The Act*, Sections 88 to 93 inclusive, shall apply to all non-conforming buildings and uses.
2. A use which legally existed prior to the adoption of the bylaw and which is listed as a discretionary use is deemed to be an approved discretionary use.

4 ZONING DISTRICTS AND ZONING DISTRICT MAP

4.1 Zoning District Interpretation

1. For the-purpose of this Bylaw, the Resort Village of Candle Lake is divided into the following zoning districts which may be referred to by the appropriate symbols:

<u>District</u>	<u>Symbol</u>	
Residential, Acreage	RA	
Residential Acreage	RA1	
Residential, Low Density	R1	
Residential, Medium Density	R2	
Residential, Small Dwelling	R3	Bylaw
Residential, Mobile Home Court	RMH	06-2021
Commercial	C1	
Community Service	CS	
Industrial	IL	
Resource Conservation	RC	Bylaw
Frontage Overlay	F	7/2018

2. The locations and boundaries of the zoning districts are shown on the Zoning District Map.

4.3 Zoning District Map

1. The map, bearing the statement "This is the Zoning District Map referred to in the Zoning Bylaw adopted by the Resort Village of Candle Lake" and signed by the Mayor and the Chief Administrative Officer under the seal of the Resort Village, shall be known as the "Zoning District Map" and such map is hereby attached as Appendix A and declared to be an integral part of this Bylaw.

4.4 Zoning District Boundaries

1. Unless shown otherwise, the boundaries of districts are lot lines, center lines of streets, lanes, road allowances, and the boundaries of the municipality.

4.5 Holding Provision

1. Where on the Zoning District Map the symbol for a zoning district has suffixed to it the holding symbol "H"; any lands so designated on the map shall be subject to a holding provision in accordance with section 71 of the Act.
2. Any lands subject to a holding provision shall only be used for the following uses:
 - a) those uses existing on the land when the "**H**" is applied;
 - b) passive recreation; and
 - c) public works.

4.6 Overlay Districts

1. Overlay zoning districts apply additional regulations to specific land and are indicated on the Zoning District Map. These regulations add to the regulations contained in the conventional zoning district applicable to a site. Where the conventional zoning district regulations applicable to a site appear to be in conflict with the overlay zone regulations applicable to a site, the overlay zone regulations shall take precedence.

4.7 Contract Zoning

1. A rezoning designation which is adopted subject to an agreement in accordance with Section 69 of *The Planning and Development Act, 2007* shall conform to the provisions of Section 23.2 the *District Official Community Plan*.
2. The property shall be identified on the zoning map by the symbol for the district to

which the property is being re-designated by the agreement and the amending bylaw with the symbol "C" and the bylaw number in brackets.

5 GENERAL REGULATIONS

The following shall apply to all Zoning Districts in this Bylaw.

5.1 Hazard Lands

1. Where a proposed development is located on land considered by Council to be potentially hazardous, Council may require the applicant to submit sufficient topographic information to determine if the development will be within 50 metres of any slopes that may be unstable, or within any river or stream flood plain, or other land that may be subject to flooding.
2. Development of hazard lands may only be undertaken where mitigating measures, approved by Council and any applicable provincial authorities have been undertaken. Mitigating measures must ensure the safety and security of the site, adjoining lands, ice push ridges, water bodies, and water courses.
3. Council may require that before a permit may be issued, the applicant shall submit a report prepared by a professional competent to assess the suitability of the site for development and which in the opinion of council, shows that the proposed site and development is suitable with respect to the following where relevant:
 - (a) the potential for flooding up to a 1 in 500 flood elevation.
 - (b) the potential for slope instability.
 - (c) the required mitigation measures for construction on areas of high water tables if any.

5.2 Excavation, Stripping, Filling and Grading of Land

1. Any site proposed for development shall be graded to provide for adequate surface drainage so that surface water runoff is directed to a ditch, water body, street, or natural water course and does not affect drainage on adjacent properties. The Development Officer may require a site grading plan to be prepared by a professional engineer.
2. The Development Officer may require an applicant to undertake mitigating measures to ensure that water bodies and water courses are not impacted by sedimentation or contaminated by runoff.
3. Grading, leveling, or placement of fill on or near the bank of a water body or water course shall not disturb or destroy mature vegetation without substantial and timely

- remediation. A permit from the appropriate provincial or federal government agency having jurisdiction is to be obtained, prior to application for a development permit, for any work done along the bank of a water body or water course,
4. Except for the construction of marinas approved by the Resort Village and the appropriate provincial or federal government agency having jurisdiction, no grading, leveling or excavation shall break or weaken the ice push ridges along the bank of Candle, Torch, or Bay Lakes.
 5. Fill must be placed so that natural water courses are not blocked or diverted.
 6. Fill must be sufficiently compacted to ensure that the finished grade level does not settle below the required building elevation or erode and run off into water courses and water bodies.
 7. A development permit is required for the excavation, stripping, and grading of land except as indicated in section 3.4.1.(g). An access approach/culvert permit is required for the development of new or adjustment of existing access/approaches.
 8. Excavation shall include, but is not limited to, sand and gravel extraction, topsoil stripping, the grading of land for drainage purposes, the grading of land and the clearing of vegetation from land where no other valid development permit or valid certificate of approval for subdivision has been obtained.
 9. A person wishing to excavate, strip, or grade land shall provide the following information in their application for a development permit:
 - (a) the location and area of the site on which the excavation, stripping, or grading is to take place;
 - (b) the existing land use and vegetation cover, including tree surveys;
 - (c) the amount of vegetation, soil or other material to be removed or relocated and the intended destination of the material removed from the site; and
 - (d) the condition in which the land is to be left, including a re-vegetation plan, and the proposed final grades when the excavation is complete.
 10. Consistent with sub-section 5.2.7, the Development Officer may issue a development permit, prior to a final concept plan, subdivision, or development permit being approved for the area, when satisfied that the excavation is necessary for the interim use, development or maintenance of the subject land, and considering the conservation of important natural areas and vegetation, the maintenance of effective drainage patterns, and the health and safety of persons in the area.
 11. For the purposes of this section, excavation shall not include:
 - (a) the excavation for construction or building purposes associated with a valid development permit or a valid certificate of approval for sub-division; or

- (b) excavation or removal of vegetation for maintenance or landscaping purposes on a site where a development permit has previously been issued.

5.3 Number of Principal Buildings Permitted on a Site

1. Not more than one principal building shall be placed on any one site, with the exception of:
 - (a) Public utility uses;
 - (b) institutional uses;
 - (c) dwelling unit groups;
 - (d) mobile homes in an approved mobile home park;
 - (e) ancillary uses as provided for in this bylaw.

5.4 Servicing

1. No development or use of land which requires sewage disposal or landfill facilities shall be permitted unless those facilities are approved by the Regional Health Authority and/or Ministry of Environment.
2. Holding or septic tanks shall be of a design approved by the appropriate provincial authority.
3. Sewage field disposal systems are not permitted in the Resort Village.
4. All developments requiring potable water service shall be connected to a water distribution system provided it is reasonably available.
5. No development or use of land shall be permitted where the proposal will adversely affect domestic and municipal water supplies, or where a suitable, potable water supply cannot be furnished to the requirements of the Regional Health Authority and/or the Saskatchewan Watershed Authority.

5.5 Accessory Buildings, Uses and Structures

1. In all Zoning Districts:
 - (a) Except as allowed in sub-section 5.5.2(a) no accessory use may be established and no accessory building may be constructed, erected, or moved on to any site prior to the time of construction of the principal building or use to which it is accessory.
 - (b) An accessory building or structure on a site, in a non-residential district, that abuts a site in a residential district shall be located more than 3 m (9.8 ft.) from the boundary of the site in the residential district.

- (c) A satellite dish with a diameter of 0.7 m (2.3 ft.) or more, solar collector, or wind generator and their supporting devices shall be permitted subject to:
- i. in residential and commercial districts such structures shall not be:
 - located in the front yard, side yard, or, in the case of a corner site, within 3 m. (9.8 ft.) of the side site line;
 - if free-standing, shall not exceed a height of 5 m (16.4 ft.) above grade level
 - if attached to a principal building, shall not exceed a height of 5 m. (16.4 ft.) above the lowest portion of the roof; and
 - if attached to an accessory building, shall not exceed the maximum permitted height of the accessory building to which it is attached.

2. In Residential Zoning Districts the following regulations shall apply to accessory buildings and uses:
- (a) Notwithstanding clause 5.5.1(a), one accessory building may be constructed, erected, or moved on to any residential site prior to the time of construction of the principal building subject to:
 - i. a valid development permit being in force for the principal building;
 - ii. the principal building being substantially completed and ready for occupancy within 24 months of the issuance of a development permit for the accessory building.
 - (b) Pursuant to clause 5.5.2 (a)ii., if the principal building is not substantially complete within 24 months, the Development Officer may require the demolition or removal of the accessory building or may require a new development permit for the accessory building.
 - (c) Notwithstanding Clause 5.5.2(a) and (b), in residential areas abutting the airstrip, aircraft hangars will be allowed as a discretionary use provided there will be an allotted area in the front of the garage for a principal dwelling that will comply with the zoning bylaw.
 - (d) **Except in the R3 – Small Dwelling Residential District**, secondary suites shall be permitted within one and two unit dwellings to a maximum area of 25% of the principal building/unit.
 - (e) **Except in the R3 – Small Dwelling Residential District**, accessory buildings may be two storey in height and if a secondary living quarters is to be included on the second storey this area must conform to sub-section (d).
 - (f) **Except in the R3 – Small Dwelling Residential District**, accessory buildings may contain secondary living quarters for the exclusive use of non-paying guests of the occupant of the principal dwelling located on the same site.
 - (g) **In R3 – Small Dwelling Residential district, accessory buildings will be limited to a maximum of two (2) per property.**
 - (h) **A maximum of one (1) Bunk House is permitted on a residential site with a principal dwelling or on a RV site with an RV and must comply with the Resort Village of Candle Lake Building Bylaw and the Bylaw 28-2010 being a Bylaw to Regular the Operation of Recreation Vehicle Parks in the Resort Village of Candle Lake if applicable.**

Bylaw

- (1) *In all Residential Zones, if, in the opinion of the Development Officer, an accessory building will interfere with established site lines to the lake or fronting street from the principal building of the site or neighboring sites, the accessory building will be required to meet the setback requirements of the principal building.*
- (2) *Total cumulative building floor area of all accessory buildings on a site, with the exception of aircraft hangars, may not exceed the building floor area of the principal building. In residential zones, notwithstanding the site coverage of the principal building, the cumulative site coverage of all accessory buildings may total up to 54 sq m.*
- (3) *Accessory buildings for value added processing uses are required to meet setback requirements of Table 8.1 of the District Official Community Plan.”*

3. Notwithstanding preceding sub-section 5.5.3 in any residential zone an accessory building not exceeding 54 sq. meters in area may be constructed regardless of the area of the principal building.

5.6 Temporary Structures

1. At the discretion of Council, temporary structures shall be permitted on a site during the construction of a permanent building. The process for approval for temporary structures is:
 - (a) The applicant must submit a written request to Council describing the proposed temporary structure, its location on the site, and its use;
 - (b) Council must review the application and may approve, reject, or approve the temporary structure or approve subject to conditions; and
 - (c) Subject to Council's approval, the Development Officer shall issue a temporary structure permit, including any conditions Council has applied to the approval,

will be issued to the applicant.

2. All temporary buildings must be removed within one year following the application approval date stated on the temporary structure permit or upon completion or occupation of the permanent building, whichever is sooner.
3. Septic facilities must be provided for the temporary structure if it is to be occupied as a residence during the construction of the permanent building and all liquid waste must be disposed of into the septic facilities.

5.7 Recreation Vehicles (RV) on Residential Sites

1. A maximum of one recreation vehicle (RV) may be stored on any residential site.
2. A maximum of two recreation vehicles (RV's) may be occupied on a temporary basis on a residential site accessory to an existing permanent dwelling, subject to:
 - (a) The RV's shall be for the exclusive use of non-paying guests of the occupant of the principal dwelling located on the same site;
 - (b) If the RV's have a sink, shower, or water closet, it must have a self-contained septic holding tank or be connected to the septic system of the permanent dwelling.
3. Subject to conformance with Section 5.6 a RV may be used as a temporary residence during the construction of a principle dwelling where a valid building permit is in place.

5.8 Converted Dwellings

1. Converted dwellings shall be subject to the following:
 - (a) the use must be a permitted or discretionary use in the district
 - (b) Any exterior addition or alteration does not change the general appearance and character of the building from a single dwelling;
 - (c) the development standards for single dwellings shall apply; (d) parking regulations for the new use shall apply

5.9 Fences and Free Standing Walls

1. No wall, fence or other structure not otherwise permitted shall be erected in a required front yard or on a site line adjacent to a required front yard, to a height of more than 1.2 m (3.94 ft) above grade as measured from ground level immediately adjacent to the fence.
2. No freestanding wall, fence, screen, or similar structure, shall be erected in a required rear or side yard, or on a site line adjacent to a required rear or side yard, to a height of more than 2.0

- m (6.6 ft.) above grade as measured from ground level immediately adjacent to the fence.
3. Subsections 1 and 2 do not apply in IL or CS districts or for fences constructed for public services or utilities.
 4. In any residential district, a 2.5 (8.2 ft.) m high wall or fence may be permitted along a side or rear property line that abuts a highway or a buffer strip adjacent to a highway.
 5. Notwithstanding subsection 4, on a corner lot in any district, no hedge, planting, tree, fence or other solid or opaque structure shall be erected, placed, or maintained to a height greater than 1.9 m (6.2 ft.) within the triangular area formed by the intersecting property lines and the straight line joining said property lines at points that are 6.0 m (20 ft.) distant from the point of intersection, measured along said property lines.
