

CANDLE LAKE TRAILS ADVISORY BOARD

The Candle Lake Trails Advisory Board is grateful to FireSmart Canada and their partners: The Co-operators Group Ltd., the Institute for Catastrophic Loss Reduction and the National Fire Protection Association, for their generous award of \$500 to apply towards our Wildfire Preparedness activities in 2021.

CLTAB will use the awarded funds to purchase small hand tools and supplies to assist our volunteer work bees with clearing dead-fall from our activity trails throughout the year.

FireSmart Canada and their partners are committed to promoting awareness and involvement of communities to help reduce wildfire risk and increase preparedness. FireSmart Canada has designated

May 1st as Wildfire Preparedness Day
