News From The Trails Advisory Board

Creeks, meadows, and the boreal forest make the wilderness surrounding the Resort Village of Candle Lake a hiker's paradise. Trails lace the Village area, ranging from connection paths between subdivisions, nature trails on historic passageways, boardwalk strolls, and groomed winter ski routes for more strenuous activity. Choose a trail suitable to your needs and abilities to enjoy the wonders of Candle Lake.

Did you know, development of the Fun Run Trail is underway? Funding for this project is provided in part by SGI (Provincial Traffic Safety Fund Grant) and Candle Lake Fun Run Inc. Residents, property owners, and visitors of Candle Lake will soon be able to access the Candle Lake Recreation Grounds via this trail from Bayview Drive. Mulching has been completed, however organic surface materials from this work will be removed and a hard trail base with crusher dust surface will be established similar to the Westside Trail, to improve accessibility and safety and to promote an active and healthy lifestyle by way of human powered activity. The Trails Advisory Board encourages everyone to get out into nature and embrace this local trail following completion of its development.

The Trails Advisory Board needs your help!

Great trail users like you help monitor and maintain our local trails. If you are passionate about Candle Lake Trails, please contact Andrea Crowdis @ 306-929-2236 to become a member of the Candle Lake Trails Advisory Board.

THE CANDLE LAKE CHAMBER WELCOMES

ALL BUSINESSES TO
AN INFORMAL DINNER

November 7th @ Emma's Kitchen

Starting @ 6pm

TOPICS OF DISCUSSION INCLUDE
THE FESTIVAL OF LIGHTS, LADIES NIGHT AND
WELCOME TO THE LAKE

Upcoming Candle Lake Seniors Club Events

Our Seniors Club events for the month of November include:

Tuesday, November 14 - Seniors Potluck
Happy Half Hour 5:30 pm; Supper 6:00 pm
Members and guests welcome

Friday, November 24 - Texas Hold'em
7:00 pm
\$10 Buy-in
All adults welcome

Candle Lake Public Library: November Events

The Library After School Program continues every Wednesday in November. Please ensure your bus driver is given permission to drop your child off at the library; parent pick up time is by 5:00 pm. If you are new to this program, you must register at least one week prior to ensure that we have enough snacks and supplies for all children. Please call or text (306)960-9775 with your child's name and parental contact information. Thank you to the Community Initiatives Fund for a very generous grant which has enabled us to provide this program free of charge!

Thursday, November 23 from 10:30 am to 12:00 pm:

Chantelle from Prince Albert Regional KidsFirst will visit the library with an early learning program ideal for ages 0 to 6 years. Join us for lots of fun activities including games, crafts, stories, singing and dancing!

Friday, November 24 from 10:30 to 11:30 am:

Virtual Reality for adults with Lindsay! Lindsay is Wapiti Regional Library's Community Services Librarian. She will visit the library with a Virtual Reality presentation. Take a 360 degree trip around the world, without leaving Candle Lake! Please note: Due to a limited number of headsets, pre-registration for this event is required. Please call Heather or Mary during library hours, or text anytime at (306) 960-9775.

Please note: The library will be closed on Saturday, November 11 in recognition of Remembrance Day.

Dance Classes!

Mondays from Nov 6 - Dec 11

7:15 - 9:15 PM

Candle Lake Seniors are pleased to be able to bring Pattern Dance Classes to our community!

Everyone welcome.

Come on out, kick up your heels, and enjoy learning a few new steps!

Cost: \$30/person for 6 classes

To register call or text Terri Garven at 306-527-1655

Classes will be held at Candle Lake Recreation Gym.

News from the **Resort Village**

Keeping Saskatchewan's Brightest Light Shining: Public Works 2023 Summer Recap

Candle Lake Administration and Council have been working hard over the last few years to enhance quality of life in the Resort Village by improving infrastructure like water and sewer systems and roadways, particularly as the community continues to grow.

In 2020 Council began implementing a new process to enhance efficiencies in the Resort Village when it comes to managing infrastructure. This process includes studying issues that need to be addressed, creating project plans, determining costs, and identifying potential funding opportunities to reduce the burden on taxpayers. Over \$700,000 in grant funding has been obtained specifically for Public Works projects in recent years, and progress has been made in several areas.

Eliminating Chronic Drainage Issues

This summer, the Airpark and Lakeside Flood Mitigation Berm/Active Corridor Project was completed. In addition to improving drainage and adding protection from indirect flooding from Torch Lake, this project provided an opportunity to extend the existing westside trail network further north to reduce pedestrian use of Hwy 265 and Lakeview Drive, helping to enhance physical activity and safety at the same time!

Well over half of the funds required to complete this project, \$186,000.00, was provided through the Investing in Canada Infrastructure Program. The total cost of this project was almost \$318,000.00.

Crews bringing in a catch basin for the Lakeview Drive project.

Culvert installation at Fairway Drive

In the Lakeside Subdivision, two catch basins were installed at Sackett Avenue and Lakeview Drive and a catch basin and pump station was added between Pine Crescent and White Poplar Crescent. Future improvements are planned throughout the Lakeside Subdivision to improve drainage to integrate into a long-term plan to rehabilitate Lakeview Drive.

Drainage improvements were made at Timmerman Place, Henderson Place, Eagle Crescent and Fairway Drive. This included both improved drainage ditches and new culverts.

Landfill Maintenance and Improvements

Municipalities across Canada are dealing with aging landfills, and as new technologies are developed, landfills are changing. Over the summer, preliminary drawings were developed to decommission the historic landfill cell, and plans for surface water drainage post-closure monitoring were created. Work will begin next year.

The Resort Village will receive \$446,873 from the Investing in Canada Infrastructure Program (\$243,760 is the federal share of funding; \$203,113 is provincial funding) to decommission our historic landfill.

As part of their day-to-day work, Public Works crews also installed new signage at the Landfill, did regular clean-up, and helped to organize free landfill days with curb-side yard refuse pick-up.

Lagoon Maintenance and Improvements

As the Resort Village grows, so too does the need for wastewater systems that can handle increasing population. In 2021, Council directed Administration to work with the Water Security Agency to implement new maintenance systems and schedules which are helping ensure the lagoon remains in good working condition. A plan for lagoon improvements has been created, and a grant application has submitted to help fund future improvements. We hope to share good news on this funding application soon!

Public Works staff ensure operation of the lagoons are in compliance with Water Security Agency regulations by carrying out ongoing testing, inspections, maintenance work and conducting regular discharges as required. Ongoing training has resulted in one of our staff receiving Water and Wastewater certification this year.

RVCL West Lagoon

Public Works is supporting the development of infrastructure related to recreation and quality of life.

Public Works crews are building the new Fun Run Trail

Trail & Garden Maintenance and Building New Spaces to Play

This summer, the Candle Lake Fun Run Committee donated \$16,000 to the Trails Advisory Board to build the Fun Run Trail. The trail will provide a safe pedestrian and cyclist connection route from the Bayview commercial area to the Hall and recreation facilities, as well as to the Bay Lake Trails. A preliminary plan was created and work to build the new trail began. Thankfully, in the 2023 Budget Council included a box blade skid steer attachment for trail maintenance which will be useful in the construction of new trails and future trail grooming.

Public Works crews also completed an extension to the Simon Lehne Trail and provided support to the Trails Advisory Committee by helping manage vegetation and weed control on the trails.

In addition to these projects, Public Works staff, with the help of a dedicated group of hard-working summer students, also spent time on day-to-day operations to help keep our community in tip-top shape!

Pruning and clearing trees along Lakeview Drive with Crews from SaskPower

Maintaining our Roadways

In addition to spring road grading, dust control, adding gravel, and repairing potholes, several major roadway maintenance projects were completed this summer including repairs to Nipew Place, Henderson Place and Eagle Crescent.

Each year, Public Works crews maintain over 70 kilometers of roadways.

Staff removing rocks in the ditch and clearing drainage systems.

Summer Students

This summer six students were hired to support Public Works operations with funding in part from Canada Summer Jobs. In addition to helping with grass cutting and day to day maintenance, students helped with Community Garden plantings, installing delineators along Main Street, line painting crosswalks, Main Street parking lot and Bayview Drive, and the installation of various new signs and replaced old signs throughout out the Village.

Maintenance staff installing community garden boxes and moving dirt.

In addition to day-to-day work, from May to August, 98 service requests were addressed by Public Works staff.

Enhancing Efficiencies

This summer the Public Works Department began implementing a new tool called SiteDocs. This workplace safety management program will help manage equipment, facility and other asset required inspections to stay safe, reduce maintenance costs and remain compliant with Occupational Health & Safety standards.

The Resort Village is finding new and innovative ways to work more efficiently and safely.

Future Planning

This summer, Council and Resort Village staff led Premier Scott Moe and Saskatchewan Rivers candidate Eric Schmalz on a tour of the Resort Village. During the tour, Public Works staff had an opportunity to discuss challenges with infrastructure including the lagoon and landfill, both of which are being challenged by growth and increased demand. The need for provincial assistance in future infrastructure projects as our community grows was highlighted during the visit. We look forward to sharing more good news as a result of this ongoing work soon!

Strengthening partnerships with government and the private sector is another way Council is working to ensure the Village is properly positioned to provide needed municipal services now and into the future.

News from Emergency Services

Members of the Candle Lake Fire Department had an opportunity to sharpen their skills in auto extrication, using new tools purchased for the Fire Department with a \$70,000 grant received from SGI this past spring. Vehicle extrication is the process of removing a vehicle, or its components, from around a person who is trapped within the vehicle due to a collision. Extrication is done using tools like cutters, spreaders and lift bags. Precise skills are required to minimize any further injuries to the occupants. Thank you to SGI for helping us enhance our ability to provide these emergency services within the Candle Lake area.

The Candle Lake Fire Department recently made some upgrades to the lights and sirens on its fire engine and equipped the black tanker with its own lights and sirens. The installation of this equipment means our Department can now meet the requirements of the Saskatchewan Highway Traffic Act to travel on roadways during an emergency incident. A reminder to pull over to the right when an emergency vehicle approaches you from behind with lights and sirens activated.

Congratulations to the members of our volunteer Fire Department who recently completed Fireworks Display Assistance training put on by Northstar Fireworks. This brings the total members qualified to work with fireworks in our community to six. One Fire Department member has also completed Display Supervisor training. A Display Supervisor must be on site when fireworks are being used in the community.

The Candle Lake Fire Department is looking for volunteer firefighters and First Responders to help provide fire suppression services and emergency medical care to people living in or visiting the Candle Lake area. In addition to helping others in emergency situations, this work provides a chance to meet people in our community, stay in shape, learn new skills, and more! All training is provided through the Department. More information on the Fire Department and Emergency Services in general can be found here. If you would like to know more, please contact Jim Arnold, Fire Chief/Emergency Services Manager at fire@candlelake.ca or call the Resort Village Office at 306-929-2236.

Winter is coming! Remember to check your smoke and carbon monoxide detectors to ensure they are in safe working order!

Church Services

Candle Lake Community Church

Worship Services – Sundays at 10 am

Everyone is Welcome!

Worship Leaders for November

November 5 - Archdeacon Andrew Hoskin

November 12- Pastor Brian Unruh

November 19 - Mark and Cheryl Sorrel

November 26 - Pastor Dan Haugen

Kids Club is every Monday when there is school, from 3:45 to 4:45 pm.

Bible Study is on Wednesdays 9:30 am.

Christmas Food Hampers

Donations of food and cash will be accepted starting in early December. More details will be provided in the December issue of the Wave.

Church Contact – Valerie Manton 306-960-0693

Please note: Valerie is the contact for the Community Church only.

Roman Catholic Service

- Held at the Community Church
- Mass is held Saturday's at 5:00 pm.
- Father Manh Nguyen serves the Candle Lake congregation.
- Confessions are heard before Mass.
- The Rosary is said before all Masses at 4:40 pm.

Weekday Masses:

- Wednesdays at St. James – Albertville at 7:00 pm.
- Thursdays at St. Mary's – Christopher Lake at 3:00 pm.
