Bingo News: Date Change And April Prizes!

The date for the April Bingo has changed from April 8 to April 22. Doors open at 6:45 p.m.; Bingo starts at 7:30 p.m.

April Prizes:

- **Loonie pot prize amount: \$226.00**

Pay a loonie at the beginning of the night to take part in the loonie pot prize; all loonies paid are added to the pot/prize. A ball will be drawn and called before play begins; then the ball is returned to the Bingo Mixer. If you BINGO on that ball during any game, you win the entire loonie pot amount!

- **Game 5 Jackpot prize amount: \$708.75**

During Game 5, if you call BINGO in 62 numbers or less, you win the Jackpot. If no BINGO is called by 62 numbers, play continues until BINGO is called and the consolation prize is paid out.

2022 RVCL Volunteer Awards

Each year at the Canada Day celebrations on July 1st, the Parks and Recreation Board presents annual Student and Adult Volunteer Awards to deserving residents in our community.

Student Volunteer Award

This monetary award is presented to a Grade 12 student who is a Candle Lake resident, and who shows a strong commitment to the community and its residents.

Award Criteria:

- Participation as a volunteer within the community and at their high school.
- Works toward enhancing quality of life for the benefit of RVCL residents, as well as fellow students at their school.
- Demonstrates their enjoyment of the volunteer experience.

More information on the Youth Volunteer Award can be found at www.candlelake.ca under Services – Parks and Recreation. Applications may be submitted anytime throughout the student's Grade 12 year.

Adult Volunteer Award

This award is presented to individuals who have been outstanding in their community involvement and service such as volunteering on boards, community groups or at special community events.

Award Criteria:

- Through their efforts, the individual shows a sustained commitment to enhance the quality of life for the residents of the Resort Village.
- Because of their involvement and their actions within the community, they are perceived to be a community leader.

To nominate a resident for the Adult Volunteer Award, please submit a letter outlining how the nominee met the criteria above to the Resort Village office. The nomination deadline is May 15, 2022.

2022 Canada Day Celebrations – Get Involved!

The RVCL, through the Parks and Recreation Board, is preparing for Canada Day celebrations on July 1st, 2022. With the hope of going bigger and better this year to promote much needed social interaction, we're encouraging local businesses, organizations, and community groups to join in on our planning. Please contact Andrea Crowdis, Manager of Recreation and Community Development at parksrec@candlelake.ca or 306-929-2236 if you would like to get involved.

Year of the Garden
Année du jardin

The RVCL has joined with other municipalities across Canada to proclaim 2022 the Year of the Garden and to recognize June 18, 2022, as Garden Day. Communities in Bloom (CiB), in conjunction with The Candle Lake Community Garden Partnership, is planning events to mark the day. Local 'Garden Knowledge Brokers' and vendors are asked to apply to participate in the event to augment garden awareness, environmental responsibility, or heritage conservation. Forms of educational information related to garden related products or services are required for involvement. For more information, please contact Helen Croissant at hmcroissant@hotmail.com or by phone or text at 306-425-0220.

News from the Trails Advisory Board

Successful Candle Lit Ski/Snowshoe Event

The Candle Lake Trails Advisory Board, in partnership with the RVCL and Saskatchewan Parks, hosted a “Candle Lit Ski/Snowshoe event on Saturday, February 26, 2022.

The event took place at the Sandy Bay Campground, utilizing available Parks facilities. Hot chocolate was provided, and a bonfire made for comfortable socializing. Approximately 70-80 people joined us for a little outdoor activity and fun evening. The groomed ski trail was about 800m, lit by small candles in white bags to enhance the illumination.

We wish to thank our partners and the volunteers who made this event possible. We are very pleased at the attendance and positive comments exchanged around the fire pit.

April 2022 Report from Communities in Bloom

Earth Day is April 22nd, every year all around the world. Six million Canadians join 500 million people in over 180 other countries

in staging events and projects focusing on environmental issues in their areas. In addition to the Three Rs, Reduce, Reuse and Recycle, Upcycling (creative reuse of by-products, useless or unwanted waste into new materials or products of better quality or better environmental value) is the latest creative response to reducing the waste filling our Landfills.

“On Earth Day 2022, enjoy the tonic of fresh air, contact with the soil, and companionship with nature! Walk through the woods in search of emerging wildflowers and green moss. Go outside, no matter the weather!”
Old Farmer’s Almanac

There are many great websites with ideas and support for making changes in your lifestyle, with home compost being one of them.

Search “Earthday” for more information and ideas for ways to celebrate its significance, or go to www.earthday.ca and www.kidsforsavingearth.org for two of the many excellent sites that are available. To see examples of Upcycling, visit www.upcyclethat.com.

Our citizens at Candle Lake celebrate Earth Day and recycling on a regular basis with their donations of beverage recyclables to Communities in Bloom and add cardboard, plastics and tin cans to the bins at the Landfill and Village grounds.

In late fall of 2021, our local Communities in Bloom committee received The Environmental Action Award in the 2021 Saskatchewan Communities in Bloom program from Saskatchewan Parks and Recreation Association for the development of a comprehensive recycling program. It recognizes that since 2007 there has been a 14-year effort in conjunction with the Municipal Council to divert materials from the local landfill thus making a significant impact on the community and how it manages waste.

People Plants & Pride.....Growing Together

Composting 101

Composting is a wonderful re-cycling facility right at your own home. Food scraps need not go to the landfill. They can be used in your garden, as organic soil improver. Compost helps improve soil structure, prevent growth of weeds, and regulate moisture in the soil. Most importantly, compost teams with microbial life - good microorganisms, that keep soil healthy and make nutrients available to plants.

What to consider before starting to compost: Amount of space for your composting area - Kind of material you will be using to make compost - How you will use your compost - Time and effort to make healthy compost - How to keep the compost area spic and span.

Communities in Bloom and the Candle Lake Community Garden Partnership are considering a "Compost 101 Workshop" in the Spring Contact Twyla Markham at 306-929-4707 if you are interested in attending.

News from the Saskatchewan Health Authority

Despite the Public Health Order being lifted medical masks are still required in SHA facilities. Wearing a mask protects our vulnerable patients. Thank you for being a part of their care. Many health and safety measures remain in place when you enter SHA facilities, including mandatory masking and entryway screening questions.

Please refer to and follow all posters/signs when visiting SHA facilities. These measures help protect our patients, residents, families and staff from many illnesses including COVID-19.

Check Point Screening (Does Not Apply to Patients)

With the exception of patients, any individual entering a SHA facility will be required to undertake a questionnaire related to COVID-19.

If you answer YES to ANY of the questions below you will not allowed to enter the facility:

1. Are you currently under federal orders to isolate/quarantine due to recent travel?
2. Have you or someone in your household tested positive for COVID-19 in the last 10 days?
3. In the last 24 hours, have you had any of the following symptoms?

- Fever (temperature \geq 38.0 Celsius)

- New or worsening respiratory symptoms NOT RELATED to seasonal or environmental allergies, i.e.
- Cough or sore throat
- Runny nose
- Shortness of breath
- Difficulty breathing

New onset atypical symptoms including:

- Loss of sense of smell or taste
- Headache
- Diarrhea, nausea/vomiting
- Aches and pains or chills
- Loss of appetite
- Fatigue or weakness

If you answer “No” to all of the above, you will be allowed to enter the facility.

All required infection control practices must be followed while on site. Thank you for helping us keep everyone safe!

If you have any questions, please contact:

Chamber Event: Easter Scavenger Hunt / Unscramble Word Activity – April 1-17
 Join in our scavenger hunt and unscramble the secret words to win a prize!

Individual letters to two secret words will be hidden at businesses and organizations around our community. Letters to the first word will be hidden between April 1 and 9; letters to the second word will be hidden between April 10-17. Find the letters and unscramble them to make a word. Once you have each word, write it down, along with your name and telephone number, on a piece of paper and drop it off at drop boxes located at Emma’s Kitchen, the Candle Lake Golf Course, and Tempo. This activity is open to anyone but kids who participate can drop off their words to receive an Easter surprise at the locations above.

A draw from all entries will be made on April 9th and April 17th for a Special Easter Basket filled with prizes gathered from the community. Winners will be contacted.

Master Plan for Parks, Open Spaces and Trails

Work to develop a 20-year Master Plan for Parks, Open Spaces and Trails at Candle Lake is underway. The Master Plan aims to create a network of multi-use trails and open spaces for local and visitor recreational use.

The objectives of the Master Plan are to:

- Physically connect the community to strengthen its social connections;
- Meet the recreation needs of residents and visitors today and into the future; and
- Create a green space blueprint for community-wide and neighbourhood-level parks and open spaces.

Crosby Hanna & Associates have been hired to develop a Master Plan to help realize these goals. And Wallace Insights will help us engage with stakeholders and the public throughout the planning process.

We are currently working with them to create a base map of existing assets and opportunities. Through a series of one-on-one chats, emails and two workshops, the perspectives from 16 different stakeholder groups have helped shape the scope and general direction of the plan. These will be developed and tested through the Master Planning process.

The opportunity for the entire Candle Lake community to contribute to and comment on the Plan will begin in May. Monthly updates will be provided in the Wave newsletter and on the Resort Village website.

Stay tuned for details on how you can get involved! For more information, please contact Andrea Crowdis at Andrea.Crowdis@candlelake.ca or 306-929-2236.

New Website Coming Soon!

Our new RCVL website is officially under construction! A design has been approved and RCVL staff are busy creating new content. The website will feature information on the Resort Village and its governance, public works, community services and recreation and culture. It will include an events calendar and will link to the RVCL Facebook page. The new site will make it quick and easy to find information through a Popular Links section and a scrolling alert bar will let you know when there is important news you need to know, like a fire ban being put in place. Public notices, a photo gallery and a business directory will also be included on the site.

The current RVCL website was created in 2014, and technology has changed! The new site will be quick and easy for staff to update and information will be easier for you to find. We hope to launch the site in time for our busy summer season!

2021 Census shows 38% increase in population

The 2021 Census of Population released earlier this year shows an increase of 38.1% in the population of the Resort Village of Candle Lake.

In 2016, the permanent resident population of the RVCL was 840; in 2021 it was 1,160.

Census data is important to the RVCL because grants and revenue sharing is based on population, and it helps us in our short and long-term planning for both policy and local services.

Assessment Role Now Open

The assessment role is open for public inspection for 30 days, from March 25 to April 25 at the Village Office. The role is open for public inspection for 30 days. Property owners can only file an appeal concerning your assessment when the Assessment Roll is open for inspection. You will only receive a notice of reassessment if you made improvements to your property last year.

Drainage

With higher than average snowfall this winter there is bound to be more runoff this spring. You may have seen Village staff opening up culverts and drainage ditches throughout the community in anticipation of the coming thaw. Property owners are encouraged to take steps to mitigate flooding on their own property by moving snow from around their buildings, and keeping approach culverts and ditches clear of snow. Please be considerate and do not move snow onto public or a neighbouring property.

Did you know? Any person placing any material (including snow) on any portion of a street, boulevard or sidewalk (including ditches and public alleys) can be subject to a fine of \$250 to \$5,000. (Bylaw 14-2021)

2022 Village Budget

While we work on plans for the coming year, we have been compiling information for Council to develop the 2022 Village budget. Watch for more information concerning the budget, which is expected to be released in April.
