

CANDLE LAKE TRAILS ADVISORY BOARD

Mission Statement:

To advise the Resort Village of Candle Lake Council on the management, operation, improvement, development and promotion of all trails, intended for human powered use, under the management of the Resort Village of Candle Lake, and to identify key trails maintenance priorities annually.

Adopted October 23, 2020

Vision Statement:

We envision a sustainable, coordinated network of multi-use trails throughout the areas under the management of the Resort Village of Candle Lake, designed and maintained to high standards for safety and a diversity of human powered user experiences and needs, to enhance accessibility, healthy activities, tourism and economic prosperity.

We envision the Candle Lake Trails Advisory Board as the key resource and a valued stakeholder for trail information regarding best practices, standards, funding and usage. We are key stakeholders, and involved in early consultations regarding new developments and/or subdivisions, so that the trails network can be built into all future community designs.
